Vauxhall 2.1 16v C20XE - Stafford Performance Engines

The X20XEV is the first Family II engine branded as Ecotec, a mass-market successor to the C20XE with a Lotus-developed cylinder head. The new cylinder head had a smaller valve angle compared to the older C20XE, to give more torque in the lower revs.

C20xe Rally Spec Engine build

The final C20XE-LN engines were built in 1993/1994 for the UK market for fitment into a 'run-out' Cavalier SRi model. "The last batch had 'Ecotech' on the cam cover and Vauxhall did this because they wanted to keep running the older engine in the BRCC for as long as possible," says Steve.

SBD Motorsport - Track & Race Car Budget Horsepower

Although the Vauxhall / Opel C20XE was replaced as a production engine quite some time ago it is still one of the most popular clubman motor sport engines and is a dominant force wherever a two litre class limit is imposed.
