In low-income countries, investing in agriculture has a greater impact on reducing poverty than investing in other sectors, as it offers the most direct route for rural people to benefit from their main assets: land and labour.

### **LINKING LAND REFORM AND RURAL DEVELOPMENT TO POVERTY ...**

Land in urban and rural areas will be central to debates on how to move South Africa forward. To date, land reform has failed miserably as a poverty-reduction strategy. Many land restitution projects are in serious trouble. Redistribution is benefiting only a small minority.

### **Rural Poverty Reduction | Policy Support and Governance ...**

This paper reviews the relative importance of different components of rural labor markets, examining how their functions differ across geographical locations and change over time, and inquiring into the difference in the contribution to poverty reduction among different jobs (i.e., agricultural wage employment, formal and informal nonfarm wage jobs, and nonfarm self-employment).

### **Land Labor And Rural Poverty**

Rural poverty refers to poverty in rural areas, including factors of rural society, rural economy, and political systems that give rise to the poverty found there. Rural poverty is often discussed in conjunction with spatial inequality, which in this context refers to the inequality between urban and rural areas. Both rural poverty and spatial inequality are global phenomena, but like poverty ...
