phase expression technology, moms are able to switch between stimulation and expression modes based on let-down time.

Lansinoh Manual Breast Pump, 1 Count - Walmart.com

The Lansinoh Manual Breast Pump allows you to switch between let-down and expression phases while pumping. To do this, you have to push down on the top front of the handle until it clicks into place on the lowest rung of the pump's white stem (attached to the silicone diaphragm on the Flange Body)—but this can be a little tricky while pumping.
