The many 5-star reviews here by web design experts led me to choose this book to help build my website. But this is the viewpoint of a beginning web-builder, albeit someone who has had a lot of experience of learning from books. The book is NOT about user experience, the aesthetics of web design, search engine optimization, etc..

PDF, PDF, PDF, PDF, PDF

I've been tinkering with web design for years just for fun but wanted to get serious about learning new and updated technologies. This is a great class in a book on web design and Jennifer provides clear explanations to technical topics. I'm reading every page as she provides great references for further reading.
